**Principal**

**From the Principal's Desk**

**Dear Students**

**It gives me immense pleasure to extend a warm and cordial welcome to you on behalf of Government Degree College, Kandaghat. Choosing to pursue higher education marks a significant milestone in one's life, and I am delighted that you are considering our institution as a part of your academic journey.**

**Established in 2016, the college was founded with the vision of providing accessible and quality higher education to students from rural and adjoining areas. Since its inception, the institution has demonstrated steady progress in both academic excellence and infrastructural development. Today, the college is situated on its own well-developed and scenic campus, nestled amidst serene hills that provide an ideal environment for learning and intellectual growth.**

**At Government Degree College, Kandaghat, we firmly believe that education extends beyond the mere acquisition of knowledge. It is a holistic process aimed at nurturing intellectual curiosity, ethical values and a sense of responsible citizenship. Our objective is to develop well-rounded individuals who can confidently face the challenges of a dynamic and ever-evolving world with integrity and competence.**

**The college is supported by a team of highly qualified, experienced and dedicated faculty members across the disciplines of Humanities, Commerce and Science. They are committed to maintaining high academic standards and providing continuous mentorship to students. In addition to formal learning, the institution actively promotes co-curricular and extracurricular engagement through platforms such as the National Service Scheme (NSS), Rangers and Rovers, Eco Club, Road Safety Club and Red Ribbon Club. We are also in the process of establishing an NCC (Girls) unit in the current academic session. These initiatives play a vital role in fostering leadership, discipline, teamwork and social responsibility among students.**

**I am pleased to share that the college has established four Memorandums of Understanding with reputed institutions, including the Himachal State Museum, Shimla; Cardiomersion (a global organization promoting integrated cardiac care); Bahra University; and Baddi University of Emerging Sciences and Technology. These collaborations aim to enhance academic exposure, facilitate knowledge exchange and open new avenues for career development.**

**I extend my heartfelt congratulations to all prospective students seeking admission to this institution. Your association with the college will undoubtedly broaden your intellectual horizons, strengthen your character and instill a deep appreciation for our cultural heritage and democratic values.**

**Before I conclude, I would like to emphasize the importance of discipline and ethical conduct. Students are advised to refrain from engaging in undesirable activities such as ragging, substance abuse, smoking and eve-teasing, as these are detrimental to personal growth and societal harmony. Instead, I encourage you to remain focused on your academic and personal goals while upholding the values of respect, integrity and responsibility.**

**In view of the foregoing, while academic success remains an important goal, it is equally essential to cultivate integrity, discipline and a sense of social responsibility. Therefore, I encourage each one of you to strive for excellence in all spheres of life, thereby contributing meaningfully to society and the nation at large. I look forward to your active and meaningful participation in the academic and co-curricular life of the college, and I extend my best wishes for your continued success, well-being and a bright and fulfilling future.**

**Jai Hind**

## **GOVERNMENT DEGREE COLLEGE KANDAGHAT, DISTT. SOLAN-173215**

Government Degree College Kandaghat, Solan, established in the year 2016, offers undergraduate courses in Humanities, Commerce and Science streams. The town of Kandaghat, where this college is situated, is of historical importance as the Late Maharaja Bhupinder Singh, the ruler of Patiala state, came from Shimla and built his first Palace at Kandaghat. During pre-independence days, Kandaghat used to be known as 'Kohistan'.

The College started in the year 2016 on one of the properties vested in the Government of Himachal Pradesh, which was originally the residence of Raja Dhaulpur, a palace constructed by Maharaja Patiala, YadaVindra Singh. This palace used to be the seat of the Deputy Commissioner and the Superintendent of Police and also the summer capital of the princely state of Patiala. After independence, this town became a part of the erstwhile PEPSU state (Patiala and East Punjab State Union).

The original building of the college has always rendered gainful services to the people of the region as it was earlier used for the purpose of a government hospital and then housed the office of the Sub-Divisional Magistrate. The building was also converted into a Food Testing Laboratory for a short period of time. Subsequently, as the need for college was felt, this building again opened its arms and was notified as Government Degree College in December 2015. The foundation stone of the college was laid on December 30, 2016 by the then Chief Minister, Late Shri Virbhadra Singh. The institution is located on the lush green hill known as Sirinagar. It provides a conducive environment and varied resources for the academic, moral and intellectual growth of the students in the academic and socio-cultural sphere.

### **VISION**

Government Degree College, Kandaghat envisions fostering intellectual excellence and socio-cultural transformation through the transformative power of education. Guided by the belief that “the mind is not a vessel to be filled, but a fire to be kindled,” the institution strives to nurture creativity, critical thinking, and lifelong learning among students. Committed to holistic and student-centric education, the college aims to cultivate ethically grounded, socially responsible, and confident individuals who uphold humanitarian values, respect nature, and contribute meaningfully to nation-building and societal progress.

### **MISSION**

Government Degree College, Kandaghat is dedicated to nurturing enlightened and responsible individuals through accessible, quality education. The institution strives to impart knowledge, practical skills, creativity, and critical thinking while fostering leadership, communication, and ethical values. By embracing modern teaching practices and holistic learning, the college empowers students to realize their full potential and become confident, socially responsible professionals and citizens.

## NEP 2020-Based Undergraduate Curriculum Framework (CCFUGP)

The Curriculum and Credit Framework for Undergraduate Programmes (CCFUGP), introduced under the National Education Policy (NEP) 2020, is designed to transform higher education in India into a flexible, multidisciplinary, and student-centric system. The framework moves away from rote learning and focuses on conceptual understanding, critical thinking, creativity, problem-solving, and holistic development. It emphasizes the recognition of individual student abilities and provides flexibility in choosing subjects, learning pathways, and career options. The curriculum integrates diverse disciplines such as sciences, humanities, social sciences, commerce, arts, and technology, while also promoting ethical values, communication skills, teamwork, environmental awareness, and digital literacy. Equity, inclusion, and respect for cultural diversity are key guiding principles, along with strengthening awareness of India's heritage and knowledge systems. The undergraduate structure under this framework offers both 3-year and 4-year degree programmes, requiring 128 and 168 credits respectively. It provides multiple entry and exits options, allowing students to earn a certificate after one year, a diploma after two years, a bachelor's degree after three years, and an honours or honours with research degree after four years. The system also allows re-entry within a maximum duration of seven years. Credits earned by students are stored digitally through the Academic Bank of Credits (ABC), enabling mobility across institutions and flexible learning pathways. The curriculum is organised into several components to ensure balanced academic development. Major (core) courses form the primary area of study and require at least 50 percent of total credits, ensuring in-depth disciplinary knowledge. Minor courses provide additional exposure to another discipline or interdisciplinary area, broadening academic understanding. Multidisciplinary courses introduce students to a wide range of subjects across sciences, humanities, commerce, and technology, promoting intellectual diversity. Ability Enhancement Courses (AEC) focus on language and communication skills in English and modern Indian languages, while Skill Enhancement Courses (SEC) develop practical, technical, and employability-oriented skills. Value-Addition Courses (VAC) aim at personality development, ethical grounding, environmental awareness, digital literacy, and physical and mental well-being. In addition, experiential learning is ensured through internships, apprenticeships, field projects, and community engagement activities, which connect classroom learning with real-world experiences. A significant feature of the 4-year programme is the inclusion of a research component in the final year, where students

undertake a dissertation or research project under faculty supervision. This promotes innovation, inquiry, and academic research culture. Students who do not opt for research complete additional advanced coursework instead. Co-curricular and extension activities such as NSS, NCC, and community service are also encouraged to develop leadership qualities and social responsibility. The semester-wise progression of the programme is structured to ensure gradual academic development. In the first year, students study foundational courses in three subjects along with multidisciplinary, skill-based, language, and value-based courses, after which they may exit with a certificate. In the second year, students begin to specialise in major and minor disciplines while continuing electives and applied courses, with an exit option of a diploma after two years. The third year focuses on advanced disciplinary learning and electives, leading to the award of a bachelor's degree. The fourth year provides advanced learning and research opportunities, leading to an honours or honours with research degree. Courses are further classified into levels ranging from introductory to advanced and research-oriented, ensuring progressive academic rigor. The framework also supports blended learning, allowing up to 40 percent of credits to be earned through approved online platforms such as SWAYAM. Academic regulations require a minimum attendance of 75 percent for examination eligibility. Students who fail courses may repeat them or opt for alternative approved courses, including online options. Progression to the fourth year requires successful completion of all courses from the first three years. Overall, the NEP 2020-based undergraduate framework aims to create a flexible, inclusive, and skill-oriented education system that integrates knowledge, employability, and research. It prepares students for professional careers as well as responsible citizenship and lifelong learning by promoting intellectual, social, emotional, and ethical development. Graduates under this framework are expected to acquire strong disciplinary and interdisciplinary knowledge, practical and professional skills, critical thinking, creativity, communication abilities, and research aptitude. They are also expected to demonstrate social awareness, environmental responsibility, multicultural competence, and problem-solving abilities. The framework ensures that students are well-prepared for both higher education and employment opportunities, while also contributing meaningfully to society.

## **NEP 2020 Guidelines**

Govt Degree College Kandaghat Dist Solan ,affiliated to Himachal Pradesh University will be offering the Bachelor's Degree Programme of 3 years in line with the recommendations of National Education Policy-2020.

## CHOICE BASED CREDIT SYSTEM (CBCS)

The choice-based credit system (CBCS) provides an opportunity for the students to choose courses from the prescribed courses comprising core courses (DSC), elective courses (DSE), skill-based courses (SEC) and generic courses (GEC). The courses can be evaluated following the grading system, which is considered to be better than the conventional marks system. This uniform grading system will benefit the students to move across institutions within India to begin with, and across countries. The uniform grading system will also enable potential employers in assessing the performance of the candidates. In order to bring uniformity in evaluation system and computation of the Cumulative Grade Point Average (CGPA) based on student's performance in examinations, the UGC has formulated the guidelines to be followed.

### Outline of Choice Based Credit System:

1. **Core Course:** A course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course. Core course, also referred to as Discipline Specific Core (DSC) Course ensures that all institutions follow common curriculum so that each institution adheres to a common minimum standard. The course, designed under this category, aims to cover the basics that a student is expected to imbibe in that particular discipline.
2. **Elective Course:** Generally, a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course.

**Discipline Specific Elective (DSE) Course (2each for regular courses):** Elective courses may be offered by the main discipline/subject of study is referred to as Discipline Specific Elective. The University/Institute may also offer discipline related Elective courses of interdisciplinary nature (to be offered by main discipline/subject of study).

**Dissertation/Project:** An elective course designed to acquire special/advanced knowledge, such as supplement study/support study to a project work, and a candidate studies such a course on his own with an advisory support by a teacher/faculty member is called dissertation/project.

**Generic Elective(GE) Course:** An elective course chosen generally from an unrelated discipline/subject, with an intention to seek exposure is called a Generic Elective. The purpose of this category of papers is to offer the students the option to explore disciplines of interest beyond the choices they make in Core and Discipline Specific Elective papers.

**P.5:** A core course offered in a discipline/subject may be treated as an elective by other discipline/subject and vice versa and such electives may also be referred to as Generic Elective.

3. **Ability Enhancement Courses (AEC):** The Ability Enhancement (AE) Courses may be of two kinds: AE Compulsory Course (AECC) and Skill Elective Course (SEC).

**3.1:** Ability Enhancement Compulsory Course (AEC): "AEC courses are the courses based upon the content that leads to knowledge enhancement. These are: (i) Environmental Science, (ii) English/MIL Communication), are mandatory for all disciplines. AECC courses are value-based and/or skill-based and are aimed at providing hands-on-training, competencies, skills, etc.

**3.2 Skill Enhancement Courses (SEC)(Minimum4):** These courses may be chosen from a pool of course designed to provide value-based and/or skill-based knowledge. The main purpose of these courses is to provide students with life- skills in hands-on mode so as to increase their employability.

*Note: It is compulsory for the BA/BSc./BCom Final Year students to choose one of the above courses other than their*

6.	ICT skills	Computers
7	Sustainable agriculture	Agriculture

*DSCI and II subjects. The BA/BSc./BCom Second Year students can also opt for these courses.*

### ONLINE COURSES

The college also encourages students to additionally enroll on online courses offered on portals like SWAYAM, NPTEL so that they can gain access to affordable, easily accessible high-quality education at their own convenience and pace.

Note: VAC/online courses are additional courses and credits earned.

### GUIDELINES AND CONDITIONS FOR OBTAINING DEGREE FOR I, II- & III-YEAR STUDENTS IN THE COURSE CANNOT BE CLAIMED/CLUBBED FOR COMPLETION EARNED ANY DEGREE COURSE

1. A candidate has to earn 132 credits for pass course degree in B.A./B.Sc./B.Com. programme.
2. An undergraduate degree in Humanities/Social Sciences/Commerce disciplines may be awarded if a student completes 4 Core papers each in two disciplines of choice, 2 Core papers each in English and MIL respectively, 2 Ability Enhancement Compulsory Courses(AECC), minimum 4 Skill Enhancement Courses (SEC) and 2 papers each from a list of Discipline Specific Elective based on 2 disciplines of choice selected above, respective land 2 papers from the list of Generic Elective papers (See Table 1).
3. An undergraduate degree in Science discipline may be awarded if a student completes 8 Core papers each in three disciplines of choice, 2 Ability Enhancement Compulsory Courses (AECC), minimum 4 Skill Enhancement Courses (SEC) and 2 Discipline Specific Elective (DSE) courses each in three disciplines of choice (See Table 2).
4. Every student shall be required to undergo a regular course of study i.e., attendance in lectures, tutorials, seminars, practical etc., in order to be eligible to appear for University examination. A candidate should attain 75% attendance in each of the concerned courses in Theory and Practical, separately.
5. Internal Assessment/Continuous Comprehensive Assessment (CCA) and Annual Examination

will be as per HPU guidelines.

6. In Annual System the minimum qualifying marks is 40% in aggregate. However, to score 35% marks in each CCA and Final Examination (separately) will be compulsory. For practical's, 40% passing marks will be mandatory.
7. A candidate failing either in one or two subjects/papers in annual examination will be placed under compartment in those subjects/papers. Such students will have only two chances, one at supplementary stage and another at the annual stage, to clear the compartment.
8. A candidate failing in three or more subjects/papers will be treated as FAIL, in that year and will have to repeat the entire year.
9. The results will be declared as per grading system and the students will have to complete the degree within 5 years.

**Note: The above guidelines/conditions may vary as per the latest notification by the H.P. University.**

## **THE EVALUATION SYSTEM OF CBCS FOR ARTS, COMMERCE and SCIENCE (II & III YEAR)**

All courses (Core and Elective) will have an evaluation system that comprises of the following two components:

1. **Continuous Comprehensive Assessment (CCA)** accounting for 30% (for Arts, Commerce and Science) & 30% (for Science) of the final grade that a student gets in a course, and
2. **End-Semester Examination (ESE)** accounting for their meaning 70% (Arts/Commerce) & 50% Theory + 20% Practical (Science) of the final grade that the student gets in a course.

### **Continuous Comprehensive Assessment (CCA)**

CCA for a student enrolled for the session will account for 30% of the total marks. The breakup of 30% i.e. 30 marks are given below:

- (a) **House Examination Test (10 Marks):** There will be one Mid Term Test, to be conducted when approximately two-third of the syllabus has been covered.
- (b) **Assignment/Presentation/Seminar/Quiz etc. (10 Marks)**
- (c) **Class Test (5 Marks)**

**Class room Attendance (5 Marks)** – Each student will have to attend minimum of 75% Lectures/Tutorials/Practical.
